SEUNGWON (MICHAEL) JUNG

Seoul, KR • michael.sw.jung@gmail.com • seungwonmj.github.io • linkedin.com/in/michael-jung-sw/

EDUCATION

Emory University **Atlanta, GA**
Bachelor of Science in Computer Science *Aug 2019 – May 2025*

Naver BoostCamp AI Tech 2025 **Seoul, South Korea**
AI Tech Track (NLP Specialization) *Sept 2025 – Feb 2026*

- Completed an intensive 6-month NLP/LLM engineering program; served as team lead on three capstone projects involving RAG systems, vector search, and AWS infrastructure
- Technical focus: AI Mathematics, Transformer architectures, BERT, Attention Mechanisms, LoRA Fine-Tuning, RAG Systems, Multi-Agent Systems

PROJECTS & TECHNICAL EXPERIENCE

10Seconds: Academic Paper Search & Recommendation Service | *Naver BoostCamp AI Tech* *Jan 2026 – Feb 2026*

- Designed and deployed AWS server infrastructure with IAM-based access control for a 6-member team project.
- Developed a FAISS vector search-based paper recommendation API covering a corpus of 12,790 papers.
- Built a personalized recommendation system combining weighted user behavior event aggregation with multi-source scoring; led end-to-end integration across frontend, backend, and ML pipeline.

CSAT Problem-Solving System | *Naver BoostCamp AI Tech* *Dec 2025 – Jan 2026*

- Classified question types via EDA and implemented selective Dynamic RAG for questions requiring external knowledge.
- Built an end-to-end pipeline: LLM keyword extraction → Wikipedia retrieval → FAISS vector search with 10,845 chunks embedded using Korean-specialized Sentence-BERT.
- Achieved Macro F1 of 0.6683 with EXAONE 4.0 32B; iterated embedding and retrieval strategy based on performance analysis.

EmaiLLM: Bulk Cleanser | *Emory University* *Jan 2025 – May 2025*

- Led frontend development and co-designed backend logic for a full-stack NLP-based email classification platform built with Gemini LLM, achieving 74% tagging accuracy.
- Built a responsive web interface with dynamic RESTful inbox folders categorized by user-defined keywords.
- Engineered selective email downloading and deletion features to optimize inbox storage efficiency in simulated environments.

Heart Attack Risk Prediction: A Data Mining Approach | *Emory University* *Jan 2025 – May 2025*

- Developed a logistic regression model in Python (scikit-learn), achieving 84% accuracy and uncovering key age-based trends through stratified analysis.
- Co-authored an academic research paper comparing model performance across age groups and classifiers, emphasizing predictive reliability and interpretability in clinical applications.

WORK EXPERIENCE

NH INVESTMENT & SECURITIES CO.,LTD. **Seoul, South Korea**
Investment Banking - Private Equity Division Intern *Jul 2022 – Aug 2022*

- Researched 7+ business districts using CBRE and industry sources to analyze market trends, construction costs, and tenant forecasts while evaluating prior project data to identify overseas office investments not worth funding based on cost-risk analysis.
- Produced detailed reports every 2–3 days, embedding comparative visuals and financial tables, and received validation from the Executive Manager on data accuracy and presentation.

Private Tutor (Self-Employed) **Seoul, South Korea**
IGCSE, International Baccalaureate Tutor *Jul 2020 – Aug 2022*

- Delivered personalized physics and math tutoring by analyzing student performance and adapting lesson plans, helping students improve problem-solving skills and exam readiness.
- Managed all aspects of tutoring business including client relations, scheduling, and progress tracking, successfully mentoring students to achieve academic goals such as admission to Virginia Tech.

SKILLS & CERTIFICATIONS

Skills: Programming Languages(Python, JavaScript), Backend(FastAPI, Django, Flask), Frontend(Next.js, HTML, CSS), AI/ML(PyTorch, FAISS), Databases(PostgreSQL, MySQL), Infrastructure/Cloud(AWS EC2/RDS/IAM, Linux), Version Control(Git, GitHub)

Languages: Korean (Native), English (Fluent), Spanish (Intermediate), Japanese (Intermediate)

Certification

- AWS Certified Cloud Practitioner / AWS Certified AI Practitioner
- Microsoft Office Specialist: 2016 Master
- Dele B1 Spanish Certification

MILITARY EXPERIENCE

Korean Army Sergeant service completed **South Korea**

Korean Army Head Quarter Human Resource Staff *Nov 2020 – May 2022*

- Maintained and updated personnel databases for 100+ soldiers and commanders, ensuring data accuracy across training status, leave schedules, and mission readiness during routine and high-pressure scenarios.
- Played a pivotal coordination role during the COVID-19 pandemic, receiving commendation for crisis logistics support involving real-time communication, personnel redeployment, and contingency planning.
